Do's & Don'ts

9.1 Visual Do's & Don'ts

Color Usage

✅ DO

Use proper color combinations:

Text | CTA | Section

❌ DON'T

Avoid clashing or off-brand colors:

No | No | No

Typography

✅ DO

Clear heading hierarchy

Body text in Inter at comfortable size with proper line height and generous spacing.

❌ DON'T

Random fonts mixed together!

Text too small, wrong colors, poor line height, uncomfortable to read and doesn't maintain the brand.

Layout

✅ DO

- Use 8pt grid consistently
- Generous whitespace (96px sections)
- Card-based modular layouts
- One CTA per section in funnels
- Present membership as progression

❌ DON'T

- Spacing values outside the 8pt scale
- Overcrowded sections with multiple CTAs
- Inconsistent padding and margins
- Buttons smaller than 48px height
- Present Capstone as a "product"

9.2 Messaging Do's & Don'ts

✅ **DO**

Tone:

"We equip families with biblical wisdom for civic engagement."

"Four membership tiers designed for your journey."

"Build a legacy of faith and stewardship."

❌ **DON'T**

Tone:

"We're the best civic education platform ever!"

"Multiple options available for various needs."

"Make bank while staying woke to your rights."
